#### Company Overview

InVenture Partners is a venture capital firm specializing in seed start up, early, mid and late venture companies. It prefers to invest in online financial services and technology, marketing, digital media, mobile, technology, internet community, Business-to-Business (B2B), internet software, and telecommunication services. The firm generally invests in companies based in Russia, United States, CIS region, United Kingdom, and in European Developed and Emerging Markets. It typically invests between \$0.5 million and \$5 million in companies with target enterprise value between \$1 million and \$50 million. The firm seeks to exit it's investments in five years, with potential for an extension for ...
